PROFILE

I am a recent graduate with a Bachelor's Degree in Information Technology and Digital Innovation (Credit Transfer Program) from Rajamangala University of Technology Rattanakosin, Wang Klai Kangwon Campus. I specialize in backend development, with skills in PHP and SQL. Although I lack professional experience, I have completed several academic projects that showcase my abilities. I am eager to learn and can start within 30 days or sooner if required.

WORK EXPERIENCE

Bookstore Website

NOV 2023 - MAR 2024

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL
